SPACIOUS MONTEMAR VILLA ON A FLAT PLOT

Villa for sale in Benissa. Automatic sliding gate to multiple parking on this completely flat plot, a rarity on Urbanisation Montemar just outside Moraira. This three bedroom, two bathroom 1980s villa has been carefully maintained by the British owners who have preserved the best original features like the polished solid marble floors. All of the rooms and the corridor are larger than average giving the villa a very spacious feel. Level entrance to the large entrance hall, lovely new kitchen and high sloping beamed ceilings in the living room. Even the swimming pool is 10 x 5, so larger than average with a vast terracotta tile pool terrace, a big built in barbecue area and a huge walk-in shower. In the pretty irrigated gardens there are fruit trees, mature palms and a wooden "Swiss chalet" for the children. Excellent, wide far reaching views to the south west and very private with all day sun.
