### **BUILDING PLOT ON BENIMEIT, MORAIRA WITH FANTASTIC SEA VIEWS**

Plot for sale in Moraira. This 1210 square metre plot comprises two almost flat terraces and enjoys views from El Montgó Mountain in Javéa to the bay of Moraira. Access is from the top level of the plot where there is already a boundary wall with iron railings. It forms part of the urbanisation, Coma de los Frailes which has pavements and street lighting. The plot is privately owned and not tied to a builder so the buyer is free to build with the builder of their choice. The adjacent plot of 1021 square metres is also for sale at the same price enabling the buyer to buy both plots and to build one very large villa across the two plots. Moraira village and Benissa are a ten minute drive and it is an easy 10 minute walk to the charming hamlet of Benimarco.
