NEW VILLAS WALKABLE TO MORAIRA

A choice of luxury villas is being built by one of Moraira's best builders within a fifteen-minute easy walk to the village.

El Estret is a small urbanisation with pavements and street lighting already in place and several villas already completed. There is a choice of plots with villa projects approved by the Town Hall which at this stage can be modified by the buyer to their own precise requirements. The villas can be ready within six months from contract.

All villas are south-facing and have far-reaching country views. New villas come with a ten-year building insurance guarantee and provide the opportunity to have exactly the villa you want: choose the tiles, woodwork, kitchen units and all of the final finishes. Prices start from 385000 Euros
