Plots for sale in Moraira. Four building plots ranging in size from 802 to 883 square metres with good sea views on lower Benimeit in Moraira. The size of the villa for each plot is restricted to approximately one third of the plot size. Other planning restrictions also apply regarding height of the building and distance from the boundaries, but you are free to choose whatever style of villa you wish. The villa shown is just an example of one of the villas being built here. A typical, finished, luxury, three bedroom, two bathroom villa with a swimming pool will cost in the region of 350.000 Euros plus IVA, plus the cost of the plot.
