- 0 bedroom
- 0 bathroom

#### **LEVEL SEA VIEW PLOT, SAN JAIME, MORAIRA**

An exceptionally good plot with a building project included, on Morairas premier urbanisation. The plot is situated on a corner in a quiet backwater and is only 200-300 metres from a large supermarket and a host of restaurants, bars and shops. The sea at Moraira can be seen from the plot, while additional sea views to Calpe would be achieved from a two-storey villa. A licence will be granted for the removal of pine trees. Included in the price of the plot is a project for a three-bedroom, three-bathroom villa with a double garage and swimming pool. The project consists of detailed architects drawings for a 215m<sup>2</sup> villa. The plot is not tied to a constructor and the purchaser is therefore free to choose their own architect and builder. The full plans and specification are available for inspection at our offices.
