MODERNISED MANSION WITH EIGHT BEDROOMS ON CAP BLANC

A very large 350 square metre villa, fourth line to the sea and a short five-minute level walk to a host of restaurants, bars and shops in the very sought-after district of Cap Blanc, Moraira. This imposing 1980s villa has just undergone comprehensive renovation, providing a very modern interior with state of the art kitchens and bathrooms, superb floor tiles, walk-in wardrobes and much more. It is a house for a large family that also wants plenty of room for guests to stay in comfort and luxury. Good, close sea view from the first floor and roof terrace, low-maintenance garden, large pool terrace and ample off-road parking. Very large designer family kitchen 1 and a similar smaller kitchen 2 in the separately accessed apartment. If you want big, privacy, tranquillity and close to amenities, come and see. They don't come much bigger and certainly not at this price.
